

Seniors Assistance Center

*helping seniors
maintain
their independence*

December 2020

The holiday season is quickly approaching! It's a time to buy and make gifts, bake cookies, and spend cherished time with our loved ones. However, the ongoing COVID-19 (coronavirus) pandemic will significantly change the way we celebrate the holidays this year. This will be especially true for the older adults in our community who are the most at risk to the virus and therefore may be unable to visit with their loved ones during the holidays.

As a result of the pandemic, the Seniors Assistance Center is experiencing a major, unprecedented budget crisis. We have had to cancel all of our fundraisers in 2020, one of the largest sources of revenue generation for our organization. In addition, we have also unfortunately lost a crucial donor for 2021 due to the toll coronavirus is having on its own organization. We need your help desperately, more than ever before, so we can continue to provide programs and services for our neighborhood's older adults and persons with disabilities.

Seniors like 74 year old, Shirley, who was just released from the hospital and needs home delivered meals until she recovers from surgery and is back on her feet.

Edith, an 86 year old widow, has no family available to help her. She is living on a limited income and needs help with her gas and electric bills.

92 year old Sam has outlived his family and friends. He is feeling isolated and vulnerable.

With a generous donation from you, we will be able to continue to assist people like Shirley, Edith, Sam as well as other older, vulnerable members of our communities facing similar situations who are overwhelmed by this year's virus. Your donation means making someone's life a little bit easier and bringing happiness during an incredibly difficult time. This is an indescribable blessing.

Please help the Seniors Assistance Center remain a vital and essential part of this community by sending a gift of whatever you can afford today. **We can't do it without you!**

Stay safe, healthy and have a wonderful holiday season!

Sincerely,

Carole Creason
