## Special Thanks to our Police

Earlier this month, the Police dealt with an issue involving a 40+ year old man who had barricaded himself in a home with numerous guns and ammunition. Luckily, all ended safely. Our Police responded, along with NIPAS and a number of other officers from many communities. The man was apprehended and is now in Cook County jail.

Some may ask, why no Robo Call? The issue was isolated and contained. Our Chief of Police immediately advised all surrounding neighbors of the incident and they were told to stay in their homes.

With social media like Facebook and others, including Robo Calls, could bring out many residents to the site, which we do NOT want. It is for everyone's safety to stay away so the Police can focus on the subject. Many posted texts were totally incorrect which spread falsehoods and continued to build more incorrect statements. Once facts were collected and verified, the Chief of Police notified the Mayor and also responded to the News Media.

I want to thank all those involved for their rapid response and professionalism!
