Upon resale of a building, new business, a transfer of business, or issuance of a building permit in the case of an interior renovation project costing a total of \$10,000 or greater, the seller or owner of the property shall be required to purchase a new water meter and radio read device from the Village, if the current meter and/or radio read device was installed more than 10 years prior to the date of the triggering event. The Village shall perform the labor involved with new water meter installation for meters sized 5/8" - 2", or radio read devices, so long as the work only includes the replacement of the water meter and/or radio read device and does not include additional plumbing or construction work.
