

VILLAGE OF HARWOOD HEIGHTS

I LIVE ALONE PROGRAM

The I Live Alone program allows our Department to check in on the well-being of our senior citizens. All it takes is for the senior citizen or a member of their family to contact us requesting an I Live Alone form. This form contains information about who to contact in the event of an emergency, along with medical information. Once registered, our Department personnel will call the senior citizen every Saturday to make sure everything is ok and there are no problems. If we are unable to contact the person after several attempts, we will send an officer to check on their well-being.
